► LA COMPA/GNIE

La Mue/tte is a Franco-Argentinean company born in 2014 following the meeting of a Nancy-born actress-puppeteer and an Argentine musician-puppeteer, both passionate about the question of movement, its transmission and its repercussion (sound, images, handlings). Delphine Bardot and Santiago Moreno join forces with the project to develop a research around visual and musical theater, to engage the body and the puppet to the extent that they have sound and rhythm, and music in that of physics, through a certain poetic mechanics of movement. La Mue/tte pursues its artistic project in order to continue the development, always speechless, of a specific language, at the crossroads of visual poetry and hybrid musical writing. Thanks to Santiago Moreno, the figure of "the man-orchestra" is constructed each season in a more subtle, sophisticated, and meaningful way. And it extends in a wider way in search of the company around the relationship body / objects brought by Delphine Bardot. To widen our horizons of research, we wish to explore in the coming years a strong axis, both technical and thematic: the figure of "woman-castelet".

The company La Mue/tte is supported by the Grand Est Regional Authority for the period 2019-2021.

Poetic tutorial for an apprentice one-(wo)man band

Table puppet, objects and music

From the fragile and careful preambles of human-musicality (the one-man-hand) to the strong and rough character of the one-man-band, we are shown the different facets and many talents of the musician Santiago Moreno.

Small inventions and musical assemblies build up, piece by piece, the complex one man band, for the rapture of a fascinated audience. A playful and poetic moment where music and movement are inseparable.

By and with Santiago Moreno

Staging consultant: Delphine Bardot

« Music comes alive through the enchanting performance of Argentinian multi-instrumentalist Santiago Moreno. Mixing puppetry and performance, this musical inventor builds from small musical assemblages—such as the “one hand man”—up to a remarkable one-man band, playing Latin American music. With humor, charisma, and incredible artistry, Moreno draws young audiences into a world of rhythm and imagination.» BAM (Brooklyn Academy of Music), multi-arts center in New York
